5257 West Henrietta Road, West Henrietta, NY 14586 Tel: (585) 359-1800

HOW TO REGISTER FOR CPE MONITOR

Pharmacists and pharmacy technicians are asked obtain their NABP e-Profile ID now at www.MyCPEmonitor.net to ensure their e-Profile is properly setup prior to implementation of CPE Monitor. In 2012, the e-Profile ID will be required by some providers to receive credit for any ACPE-accredited CPE activities. By the end of 2012, all providers will require the e-Profile ID and the DOB in MMDD format to receive CPE credit.

Why Attend:

Pharmacists in all practice settings need a working knowledge of the laws, rules and regulations that govern medication in NYS. This includes the profession of pharmacy practice as well as understanding provider prescription practices. This lecture will help pharmacists to understand the newest updates in the law and apply it to their individual practice site.

After this lecture a pharmacist should be able to:

Program Objectives for Pharmacists:

1. Describe the current pharmacy practice act in New York State and list current legislative issues that may affect it.
2. Define the current changes in NYS practice laws, which have an impact on the practicing pharmacist.
3. Paraphrase the aspects of the current collaborative drug therapy management law in New York State.
4. Summarize changes in controlled substance laws that have occurred both on the Federal and NYS levels.
5. Identify the requirements for supplying prescription medication in customized patient packaging.

Program Objectives for Technicians:

1. Describe current legislative issues in pharmacy practice and the effect on technician responsibilities.
2. Explain the current changes in NYS practice laws, including regulations involving billing issues with patients on Medicaid and how it impacts the pharmacy.
3. Define the current role of Pharmacy Technicians in NYS and discuss the new proposed regulations.
4. Discuss the technician's role in fulfilling the requirements for supplying prescription medications in customized patient packaging.
5. Summarize changes in controlled substance laws that have occurred both on the Federal and NYS levels.

Continuing Education Information

The University at Buffalo School of Pharmacy and Pharmaceutical Sciences is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. **This knowledge based activity has been assigned ACPE #0044-0000-12-001-L03-P/T and will award 2 contact hours (0.20 CEUs) of continuing pharmacy education credit.** Statements of credit will be issued to those who complete a CE Attendance and Evaluation form.
